

Istvan Szasz

Web & 3D software developer

ABOUT ME

My name is István Szász, a 24-year-old developer from Hungary. I am currently a graduate student in Computer Engineering at the University of Óbuda. Throughout my university education, I have gained extensive knowledge in programming languages and frameworks. Additionally, I am committed to expanding my IT expertise beyond the classroom through various online courses.

For my university thesis, I utilized Unreal Engine 5, demonstrating my proficiency in game development and real-time 3D creation. In my spare time, I further enhance my programming skills, engage in Notebook and PC repair, and enjoy various leisure activities. These include socializing with friends, following Formula 1 & WEC, hobby cooking, and playing video games.

EDUCATION

Specialisation in Computer Science

2014 - 2019
Bálint Márton Szakközépiskola (Törökbálint)

Specialized in Computer Science during high school, acquiring foundational knowledge in programming and database management.

Computer Science Engineer (BSc)

2019 - 2023
Óbuda University Alba Régia Műszaki Kar

Enhanced my expertise in Computer Science Engineering by learning new programming languages and frameworks. Gained comprehensive knowledge in batch programming, data analysis, database management, 3D game development, web and mobile app development.

Web Development Course

2023
Udemy - Online Course

Completed an online course in Web Development on Udemy, significantly expanding my expertise in the field. The course provided in-depth knowledge of styling, functional programming, and JavaScript frameworks, elevating my proficiency in JavaScript to an advanced level.

3D Software & Game Development Course (UE5)

2024
Udemy - Online Course

I recently purchased a course on Udemy to enhance my expertise in 3D software and game development, with a particular focus on C++ programming and Unreal Engine 5.

WORK EXPERIENCE

I have limited work experience in IT, but I am highly motivated to learn new things and continuously improve my skills.
